Dear O'Fishel,

Now that our banquet is past, and the kudos are still coming in, we want to express our sincere gratitude for all that you did to make our banquet a success, both from the food service as well as financially for our shul. The professionalism and care shown by you and your staff really helped to make the evening a success.

We received so many compliments on the quality of the food, "the best chicken I've ever had," the chicken was so moist," "I loved the salad bar," and so on. The meal was served quickly, and within a half an hour, we could move on to our program. The wait staff was so unobtrusive, that we didn't even realize they had cleared the tables to make ready for dessert. We thought their timing in bringing out the meals and clearing the tables was just remarkable.

We especially appreciated that you were able to accept my changes in the numbers up until the last minute. And as we had to move people around, your wait staff just took it all in stride to set a new place for someone at a different table.

But most of all, we are so grateful for your working with us on the financial end of our event. Our banquet is not only to raise badly needed funds for the shul, but it is a celebration of our kehilla. We haven't raised our rate in all the years that we've been chairing the banquet. We do this because we want everyone involved; we don't want anyone to be excluded because they cannot afford to pay. All your suggestions to refine the smorgasbord and the meal to keep within our reduced budget helped to keep our expenses down so that everyone could attend.

Please convey our thanks to all of our staff and employees and let them know how much we appreciate their hard work in making the entire evening a wonderful success.

Sincerely,

Glenna Ross, Co-Chairman

Lenny Ross, President
