- Some of our clients have expressed an aversion to walking on the Shem HaShem on their floor (check under the soda table!), and aren't too fond of the alleged human sacrifices, either (unconfirmed reports only!)
- They can't make kiddush, they only serve decaf coffee, and our friends refuse to carry a tune outside of the Eruv on Shabbos!
- That one we can't explain - you'll have to ask them!

Sheister & Freelander

ATTORNEYS AT LAW ***

"If you have a blank check, you have a lawyer"

Dearest O',

We have received repeated complaints from our clients Punxsutawney Phil and Al Gore that the weather this year has been aberrant, and not in line with forecasts. What does that have to do with you? Very simple: they made certain assumptions - and are considerably red-faced over them - based on the "O'Fishel Weather Forecast". We therefore feel that you should be held responsible. With ever-ebbing affection,

P.S. In the words of our inimitable friend, spokesman for PPPORC, affectionately known as

דבר אחר: "Th-th-th-that's not all folks!"

P.P.S. If you can guess what PPPORC stands for, fax it in for a free lawsuit!

Hints: the second P stands for **Protecting**. The first P stands for **People**.

Major 'shkoyach to **Rabbi Yitzchok Lowenbraun** on the recent fantastically-executed convention at the Marriott Hunt Valley. With breakfast better than I-Hop, ruach better than beebob OR hip-hop, it could only have been AJOP! We are especially indebted to the many Gedolei Yisroel and noted Talmidei Chachamim who made it O'Fishel! · Mazel Tov to **The Kates & Silver Families** on the Bar Mitzvah at the Woodside Shul in Silver Spring, where they enjoyed delicious Star-K-sealed food service, of course. · Mazel Tov to **The Paul Family**, also of the Woodside Shul, on continuing the good taste of their shul by making the Bar Mitzvah O'Fishel! · While we're in the neighborhood, Mazel Tov to **The Avigan Family** on **Laura's** Bat Mitzvah on University Boulevard in Silver Spring. · Mazel Tov to **The Gardyn & Rothschild Families** on the wedding at Martin's West. Did you know that the first kosher wedding at Martin's West was a Gardyn wedding catered by O'Fishel. However, we're not just some Gardyn-variety caterer! · Mazel Tov to **Tzvi & Emily Schwartz** on their son's Bar Mitzvah, at Agudah Greenspring

and LJC. · Mazel Tov to **Drew & Holly Dorman** of Philadelphia, who had the impeccable taste to make the wedding of their daughter to **Uri Malichowsky** at the Towson Sheraton. · Mazel Tov to The **"Camp Guttenbergs"** on making what is possibly the very first wedding of the new year (I'minyanam), at the Marriott Hunt Valley. · Mazel Tov **New York NCSY**, who, on their Virginia trip, chose to make their post-fast break-fast O'Fishel at LJC. · Mazel Tov to **Rabbi & Mrs. Shragi Neuberger**, who are halfway to "Buy 6, Get One

Free" status with their daughter **Rochel's** wedding at Beth Tfiloh.

Which of the two cell-phone-free Mesopotamian terminations is reminiscent of the pre-interment deposition of one of our national uncles?
