Shailos to Abba W., Part 2

Dear Mr. Gross & the Team at O'Fishels,
We are deeply grateful to you for your outstanding dedication to make our children's wedding the special simcha that it was. From the very onset you worked together with us for many hours to plan the details. You listened to our needs, understood our requests and, based on your insight and experience, you facilitated the flow of the chasuna in an amazing way. Mrs. Gross was an added bonus, giving her special touch to ensure that everything proceeded smoothly and pleasantly. The food presentation was gorgeous, the portions were generous and delicious, the help was courteous; the mechutanim and our guests were both pleased and impressed. All in all you exceeded our expectations! Thanks you!

May you continue to enhance Yiddishe Simchos in good health and with true nachas.
Resiva Vachasima Jova.
