Dear Fishel and Simcha,
THANK YOU from the bottom of our happy hearts for making our celebration such a HUGE success!! It was so perfectly executed by your whole team. We appreciated you stopping by Fishel, knowing that you were catering a wedding that same afternoon...but we were in excellent hands under Simcha.

The food was simply OUTSTANDING!! It was not only beautifully displayed, but the pace of barbecued items were continuously replenished, and the salads and sides were fabulous. (My personal favorite was the Hearts of Palm salad...but we loved them all!) The sangria^c was a huge hit and convenient to serve - and added to the festive and colorful decor.

Your staff^{ps} was absolutely the best - very professional - always either clearing, cleaning, butlering food, and keeping things neat. Thank you for having the vision of how the party should be setup and for recommending the upscale way to do the BBQ - it was exquisite in every way. Please consider us very loyal customers who will be back for our future catering needs!!

With much appreciation for all the time you spent with us, for your invaluable advice, for your inspiring stories, and so much more...! All the best,

Fran & Steve Pruce
